

Fuse, Terminal and Junction Blocks

A wide variety of circuit protection and construction devices to make wiring easy, safe and professional.

These patented ATO/ATC style fuse blocks allow you to design your own fuse panel. Interlocking modules in various sizes snap together to create any configuration needed. Exclusive modular panels are protected by U.S. Patent 5,073,131. All have 1/4" tab terminals and 8-32 threaded screws. Tin plated copper contacts, flame retardant glass reinforced polyester base. Rated for 30 amps maximum per circuit, 160 amp total for the block, 105 degrees Centigrade.
